

# Guide to Copenhagen and the hEART conference 2015

## When you arrive to Copenhagen airport

First of all: **Welcome!**

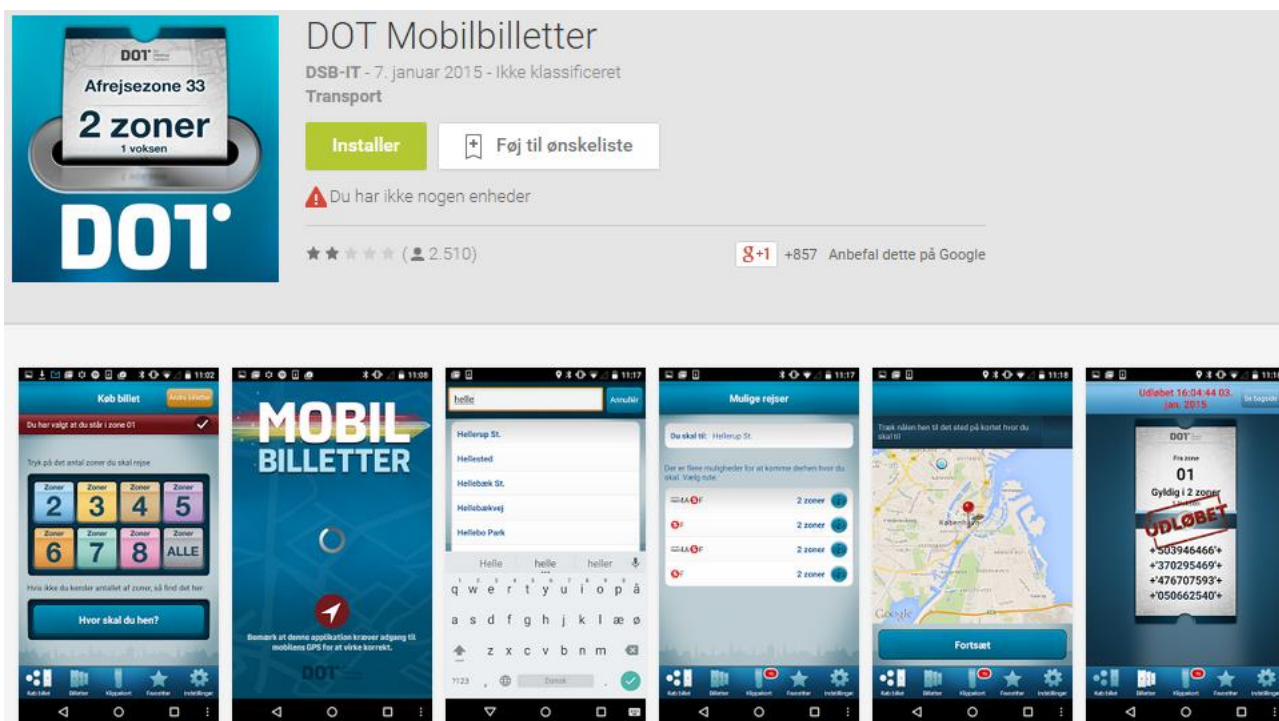

When you arrive in terminal 3 you follow the signs for the METRO .

Take the metro line for Vanløse – then you will pass Kongens Nytorv and Nørreport. (If you are going to The Central station – you should choose the regional trains – you find departures also in terminal 3)

If you want to go directly to DTU – you stop at Nørreport and take the S-train  (to Lyngby – see a description below) or bus 173E or 150S from Nørreport.

## How to use the public transport

You can buy tickets from your mobile (both Android and Iphones) – find this APP in your app store.

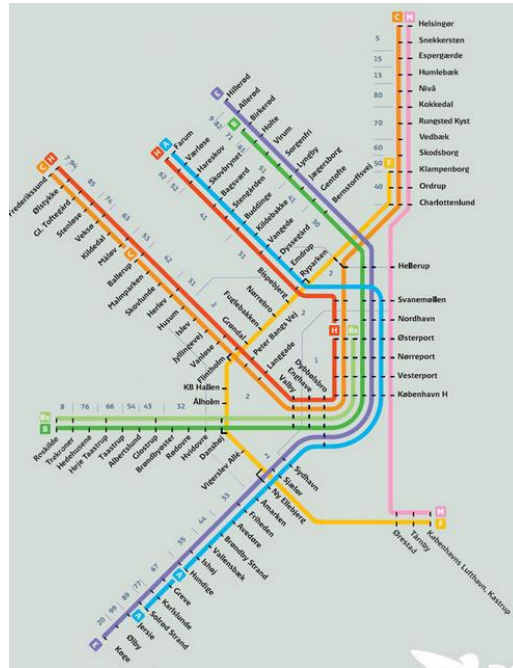

You can also buy tickets at the station – but the ticket dispensers are sometimes difficult to find. You can buy tickets in 7/11  - and at the busses. Danes use a travel card – but it too expensive if you are only in Copenhagen for 3 – 4 days.

You need to know how many zones you will pass when you travel – see the map of zones here – and get some examples:

From the airport – to - Kongens Nyhavn or Nørreport (zone: 4,3,1= 3 zones)

From Nørreport – to – DTU (zone: 1,2,30,40,51= 5 zones)

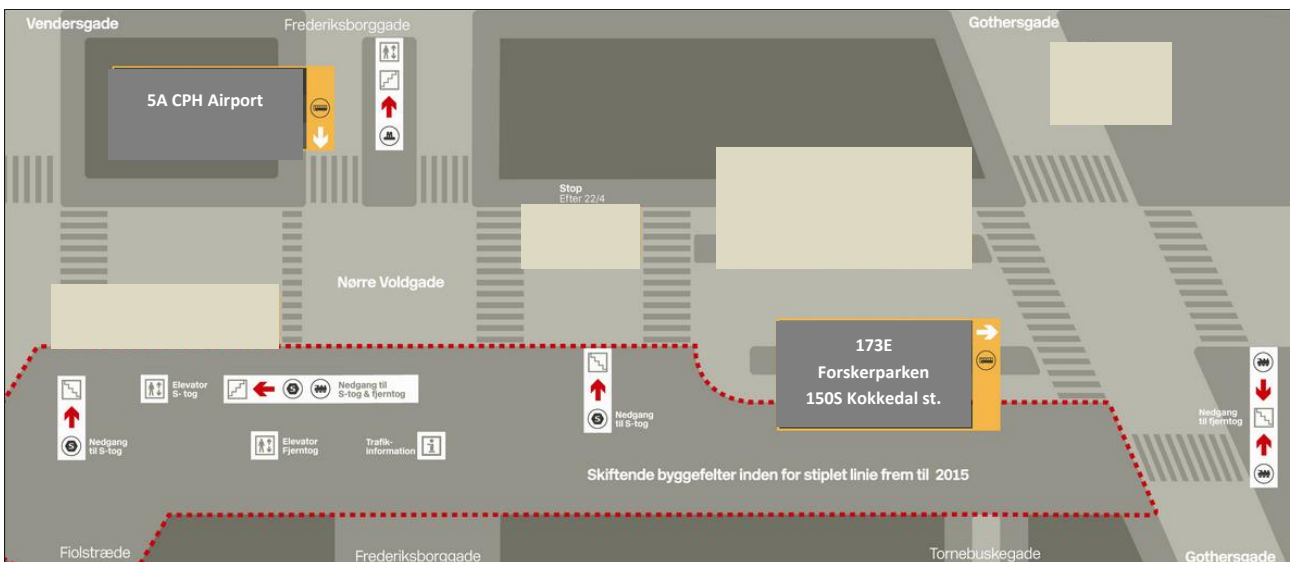

### How to arrive to DTU

From Nørreport you can arrive at DTU both by S-train and by bus.

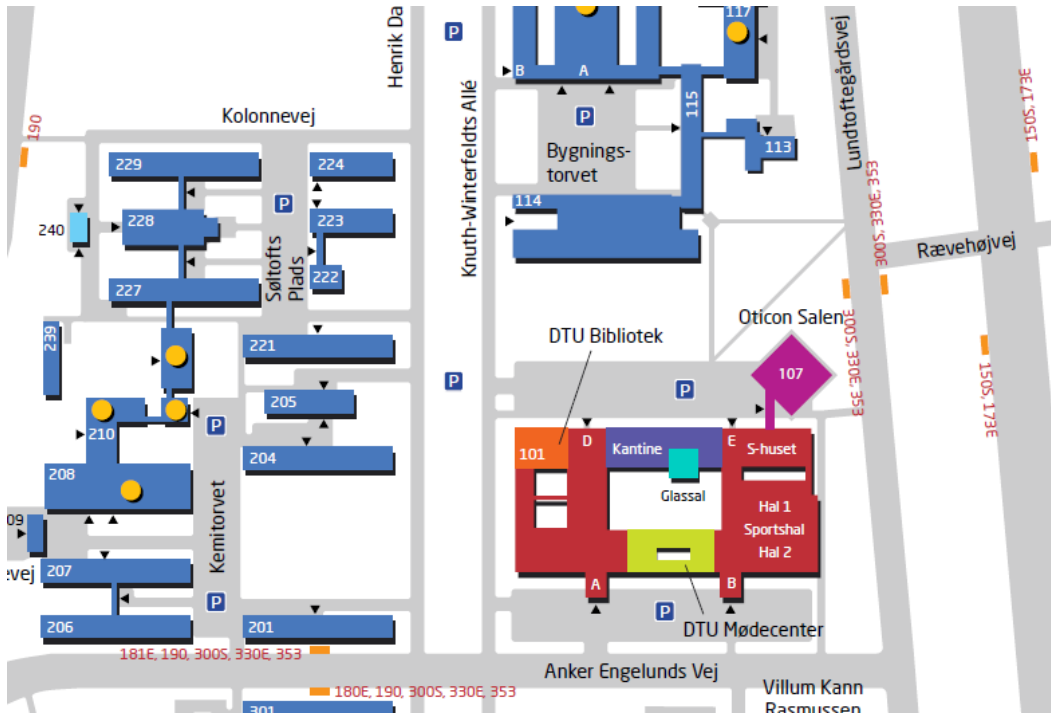

If you choose the train, you can go by line E toward Hillerød or line B toward Birkerød. You should stop at Lyngby station and from there take a bus (line 181E, 190, 300S, 330E and 353) to DTU building 101. At Lyngby station you just follow the exit signs – through the tunnel - and then you turn right when you enter street level – there you will find all the busses.

View of Nørreport station:

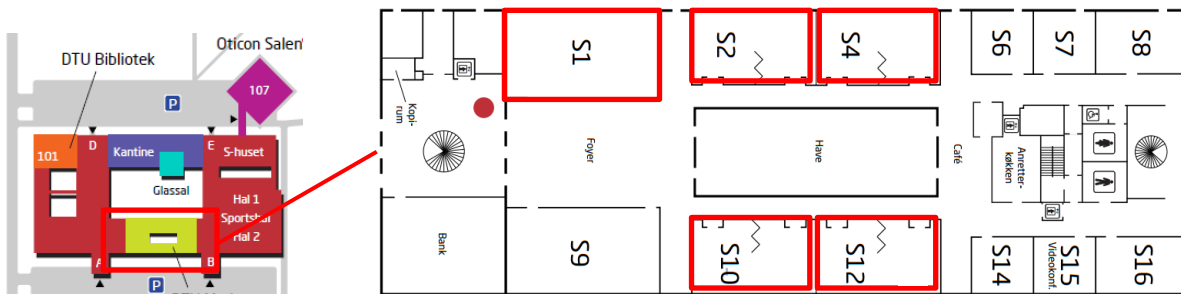

If you choose the bus from Nørreport – choose 173E Forskerparken or 150S Kokkedal/Nærum st. station. You need to stop at Rævehøjvej and from there you can walk to the meeting rooms. You just follow the steps to the motorway

bridge – cross the bridge and then you follow the small paths through the trees and turn left - then you enter building 101 and the meeting rooms.

**How to find the different conference locations at DTU**
